

What We Did for Life in 2021

Below is Just Some of Our 2021 Life-Saving Efforts

Citizens for a Pro-Life Society started out the year by saving a baby from abortion—and this on January 22, 2021, the 48th anniversary of *Roe v. Wade*! Your CPLS director Monica Miller talked Monisha out of an abortion as she was about to enter the Summit Women’s Clinic abortion center in Detroit. Her baby Mon’ae was born August 4, 2021.

CPLS continues to support, plan and participate in Red Rose Rescues. Two such RRRs were planned by CPLS that took place on June 4th at the Northeast Ohio Women’s Center, Cuyahoga Falls, Ohio, June 4th and the Planned Parenthood abortion center in Bedford Heights, Ohio, June 5th. Your CPLS director was arrested with Lauren Handy when we

entered the parking lot of the PP abortion facility to talk to women arriving for their abortion appointments—seeking to offer them words of love and encouragement to choose life.

Unbelievably, we were charged with aggregated trespassing—in other words that we trespassed and caused others to be in fear of bodily harm!

The charge is outrageous on every level!

Pray for us! Please! Our trial is expected to take place in 2022. Other RRRs took place in New Jersey, Pennsylvania and New York—and trials are pending. **Photo: 18-year-old Audrey Whipple arrested defending babies from abortion at the Northeast Ohio Women’s Center, June 4, 2021.**

We are NOT GUILTY! CPLS conducted an RRR May 14, 2020 at the Heritage abortion center in Grand Rapids, MI. Robert Kavoly, Ann Norton, Heather Idoni, and your CPLS director were charged with trespassing. We finally went to trial Sept. 17, 2021 before Judge Jennifer Faber. Defended by Attorney Robert Muise of the American Freedom Law Center a

six-person jury came back with a **NOT GUILTY** verdict for all pro-life defendants! **Wow! What a victory. During the rescue one couple opted to leave the clinic! And that is the real victory!** Photo: CPLS director Monica Miller holds up rose during RRR in Grand Rapids, MI. **(Photo credit: Church Militant)**

CPLS found an aborted baby in the trash! CPLS member and participator in RRRs Matthew Connolly searched the trash containers of the Northeast Ohio Women's Center June 7th, three days after we conducted an RRR at that death center. The aborted baby was approximately 16 weeks gestational age, killed by the dilation and evacuation abortion method—his or her body completely torn apart. CPLS partnered with Northeast Ohio RTL and Ohio RTL to bring this atrocity to the attention of the public through a press conference and press releases. **The baby, named Gianna-John was laid to rest Sept. 25, 2021 at Holy Cross Cemetery in Akron, Ohio.** Just one of the 63 million murder victims of *Roe v. Wade*. Photo: Left leg and severed foot of Gianna-John

For the 8th year in a row CPLS sponsored and organized the **National Day of Remembrance for Aborted Babies**, Sept. 12, 2021. Partnering with Priests for Life and the Pro-life Action League, over 150 memorial services took place all over the United States—50 of them at the very graves where the victims of abortion are buried. Abortion survivor, Claire Culwell spoke at the memorial service for aborted babies buried at Holy Sepulchre Cemetery, Southfield, MI.

Joe Biden claims to be a devout Catholic all the while facilitating the legalized murder of innocent unborn children - and continues to receive Holy Communion. **CPLS continues to draw attention to this horrific scandal with numerous articles published on this subject. Many were published by Crisis Magazine search my name at www.crisismagazine.com**

This is an issue on which we will not give up. The Catholic bishops need to act! No more words! We need action. And not only for the Church but for the sake of Biden's own soul!

Dec. 3, 2021 CPLS helped organize and sponsor over 160 pro-life rallies and demonstrations all over the United States marking the oral arguments in the *Dobbs v. Jackson* Supreme Court case. And we traveled to D.C. for 2 days of pro-life events—joining hundreds of other pro-lifers in front of the Supreme Court—partnering with Created Equal and the Pro-Life Action League. **Pro-lifers out-numbered abortion advocates 3 to 1 – thanks be to God!**

Participating with CPLS, Will Goodman, Suzanne Abdallah and Robert Kovaly pray outside of the D. C. PP abortion center, Nov. 30th.

CPLS helps women who turned away from abortion! Indeed, on Dec. 14, 2021 we ended the year purchasing a home for Kadisha, a woman we turned away from abortion in April 2020. Baby Kayden was born Oct. 25, 2020. Kadisha, living in section 8 housing, needed a real home—thus CPLS helped her buy a house! Sam, Kayden’s father and Kadisha have set their wedding date—April 2022. **Yes—pro-lifers DO help women!**

Photo: Baby Kayden!

Indeed, CPLS continues to help many women we talked out of abortion—even from as long ago as 7 years—with material aid, friendship and encouragement

When was the last time Planned Parenthood bought a house for a mom who chose life?
